### Notes:

1. Juniors (under 18 & not working) can purchase club kit @ 50% discount, providing they hand it back to us if they grow out of it, We can then pass it on to another junior.
2. If you require any items that are not within our normal club stock range (Marked above), I will be pleased to order providing I can include it in a club bulk order of 13 plus items so that we get the club discount.
3. Special orders will require pre-payment and will take a few weeks for delivery.
4. Please see the Impsport web site for their full range [www.imsport.com](http://www.imsport.com). You can order one off items direct from them but you may find this expensive without the club/bulk discount.
5. If you want any non stock items now, or think you may want something later in the season please let me know so that I can plan our next order. Towards the end of next season, we can consider warmer/winter weight tops, or waterproof jackets if there is sufficient interest.
6. Impsport are no longer club printing track mitts, so perhaps easier to purchase plain royal blue mitts from your local store. The same applies to time trial overshoes.
7. If you have any club kit orders or enquiries please contact:
